# JANE ASSOCIATE PROGRAM

**We know that Jane is so much more than a place to stay. We're a community, connected by our shared learning goals and experiences.**

Something we've learnt over the last few years is that community comes in many forms. We also know that places like Jane help students more easily adjust to life at Uni.

That's why we offer an Associate Program. It means you can study at home and still be connected to Jane without paying full fees. The program will help you make friends, provide a vibrant social life, support your academic life, and give you that fun, spirited Uni experience that you might be craving.

At Jane, we make friends for life.

# THE PROGRAM OFFERS
